CHAPTER 1

INTRODUCTION

BabyCare is created on the understanding that quality family care is both a fundamental human need and a key driver of economic growth and empowerment. When children receive quality care in their critical formative years, they are on a path to achievement and success. Women disproportionately shoulder caregiving responsibilities, but when they have supports in place that enable them to work, our economy grows.

BabyCare offers of an array of services that enable families to find, manage and pay for care and provide employment opportunities for caregivers. These include a robust suite of safety tools and resources, easy ways for caregivers to be paid and obtain professional benefits, household tax and payroll services for families, and customized corporate benefits packages covering all child care needs.

- For families, our digital platform provides a simple, comprehensive solution for finding, managing, and paying for family care needs including child care related services.
- For caregivers, we provide a platform for finding high quality jobs, as well as access to benefits that can lead to sustainable, meaningful careers.

0 4

CHAPTER 2 TECHNOLOGY USED:

SIMPLE SOLUTIONS FOR COMPLEX
INTEGRATIONS

*The next step is to include what metrics
(technologies) has made our website unique. Below
are some metrics we have included:*

1. HTML

2. CSS

3. FRAMEWORK - BOOTSTRAP

4. JAVASCRIPT

5. JQUERY

6. PHP

7. MYSQL

05

CHAPTER 3

BABYCARE

MODULES

- **Home** - We have provided an option to find a caretaker and be one, by filling a form from our homepage. But keep in mind that there is a proper selection process to be a care taker. Apart from that, it connects to all the other pages of our website including the search page, about us page and contact us page.
- **Join** - There is a join page in our website which allows you to find a caretaker and be one.
- **Become a Caregiver** - This link will take you to a form where you have to fill the personal details like first name, last name, contact no., email address, residence details, etc. and can submit it. The form is properly validated using PHP.
- **Find a Caretaker** - This page will take you to a form where you can fill all the details including which type of service you need. You can book the time slot accordingly and can ask for the background details of your care taker.
- **About Us** - This page gives an overview of the website background and the details about the team. A brief introduction including vision and mission of the website is available on the page. It describes how the website is creating job opportunities and at the same time how it is securing futuristic economic growth.

0 6

CHAPTER 4

HOME PAGE

The screenshot shows the homepage of BabyCare.com. At the top, there is a navigation bar with links for Baby Care, Home, Become a Caregiver, and Join. To the right is a search bar with a green "Search" button. Below the navigation is a large banner featuring a family (a man, a woman, and two children) and the text "FIND TRUSTED CAREGIVER FOR YOUR EVERYDAY NEED". Underneath this, a call-to-action says "To get started choose an option." followed by two buttons: "Find Caretaker" (Child Care) and "Get Started" (Become a Nanny). The main content area includes a circular icon of hands, the text "TRUST AND SAFETY ARE OUR PRIORITY", and sections about CareCheck, screening tools, and caregiver reviews. The footer contains a "FOOTER CONTENT" section, "IMPORTANT LINKS" (Home, About Us, Contact Us), and "QUICK LINKS" (Find Care Taker, Become Care Taker).

FIND A CARETAKER

The screenshot shows a web application interface for finding a caretaker. At the top, there is a navigation bar with links for Baby Care, Home, Become a Caregiver, and Join. To the right of the navigation bar are two search input fields: one labeled "Search" and another labeled "Search". Below the navigation bar is a large form area with a light gray background and rounded corners. The form is divided into sections:

- Personal Details**: Contains fields for First name, Last name, Contact Number, Email (Sahilvermafast@gmail.com), and a password field (*****).
- Address**: Contains fields for Street address (1234 Main St), Apartment, studio, or floor, City, State, and Zip-Code.
- What kind of care are you looking for?**: Contains a dropdown menu with the option "Nannies & Babysitters".
- How soon do you need someone?**: Contains a dropdown menu with the option "Right Now".
- Submit**: A blue rectangular button at the bottom of the form.

ABOUT US

Baby Care Home Become a Caregiver Join

BabyCare.com offers a range of services designed to support families and caregivers. These include a comprehensive suite of safety tools and resources, easy payment methods, professional benefits, household tax and payroll services, and customized corporate benefit packages covering child care and senior care services.

For families, our digital platform provides a simple, comprehensive solution for finding, managing, and paying for family care needs including child care, senior care, special needs care, pet care, housekeepers and tutors. Additionally, Care.com HomePay provides peace of mind by managing household payroll and taxes for families who employ caregivers.

For caregivers, we provide a platform for finding high quality jobs, as well as access to benefits that can lead to sustainable, meaningful careers.

Our enterprise solution, BabyCare@Work, helps companies provide care benefits to their employees, making it easier to attract and retain talent and increasing productivity and reducing absenteeism and turnover.

BabyCare.com was founded with a conviction that human-centered technology and innovation can address real world social challenges—by enabling access to more efficient and affordable family care, and by facilitating quality jobs for the care workforce. By doing so, we are creating a care infrastructure that allows parents the freedom to integrate work and life, women to pursue more rewarding careers, care workers to achieve financial inclusion and stability, and employers to retain better talent and drive productivity.

PHP REPORT

13

DATABASE 1

The screenshot shows the phpMyAdmin interface for a MySQL database named 'caretakerdb'. The 'caretaker' table is selected. A warning message at the top states: 'Current selection does not contain a unique column. Grid edit, checkbox, Edit, Copy and Delete features are not available.' Below this, a green status bar indicates: 'Showing rows 0 - 0 (1 total, Query took 0.0003 seconds.)'. The SQL query shown is: 'SELECT * FROM `caretaker`'. The table data is displayed in a grid:

fname	lname	phone	em	pwd	add1	add2	city	state	pin
Sahil	Soni	2147483647	Sahilvermafast@gmail.com	ASDFGHJKL;	1621/13 near anand school, katariya wali gali, jag...	abc	Hansi	HARYANA	125033

Below the table, there is a 'Query results operations' section with options: Print, Copy to clipboard, Export, Display chart, and Create view.

Figure 8.1 : Database to collect data of Caretaker

PHP REPORT

14

DATABASE 2

The screenshot shows the phpMyAdmin interface for a MySQL database named 'caretakerdb'. The 'needcaretaker' table is selected. The table structure includes columns: fname, lname, phone, em, pwd, add1, add2, city, state, pin, service, and stime. The data grid displays three rows of information:

fname	lname	phone	em	pwd	add1	add2	city	state	pin	service	stime
Sahil	Soni	2147483647	Sahilvermafast@gmail.com	ASDFGHJKL	1621/13 near anand school, kataria wali gali, jag...	abc	Hansi	HARYANA	125033	Day care centers	Within a week
Kush	Sharma	2147483647	kushsharmafast@gmail.com	abc@123	12 ddf	dfkhv dafij	hansi	haryana	125033	Day care centers	Within a week
ashish	yadav	3468780	advyadav@gmail.com	agfk3242	32rds	asg45h3rb	hansi	haryana	125033	Special needs	Within a month

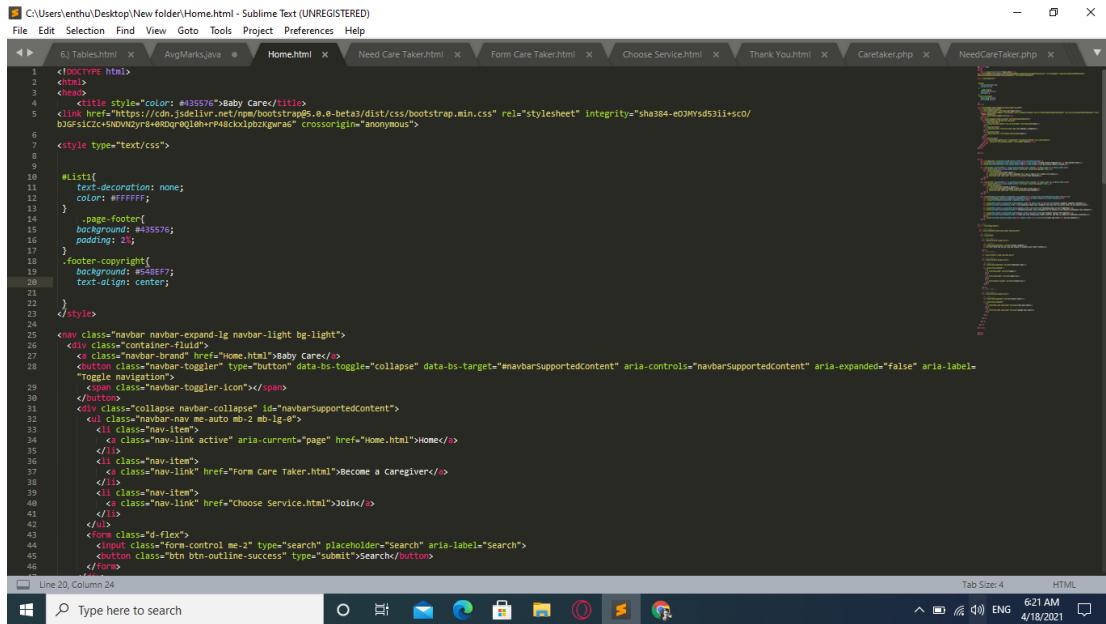

Below the table, there are buttons for 'Query results operations' including Print, Copy to clipboard, Export, Display chart, and Create view.

16

CODE

The screenshot shows the Sublime Text editor with multiple tabs open at the top, including 'Tables.html', 'AvgMarks.java', 'Home.html' (which is the active tab), 'Need Care Taker.html', 'Form Care Taker.html', 'Choose Service.html', 'Thank You.html', 'Caretaker.php', and 'NeedCareTaker.php'. The 'Home.html' tab contains the following code:

```
<!-- Footer -->
<footer class="page-footer">
  <!-- Footer Links -->
  <div class="container-fluid text-center text-md-left">
    <!-- Grid row -->
    <div class="row">
      <!-- Grid column -->
      <div class="col-md-6 mt-md-0 mb-3">
        <!-- Content -->
        <h3 class="text-uppercase" id="List1">Footer Content</h3>
        <p id="List1">Here you can use rows and columns to organize your footer content.</p>
      </div>
      <!-- Grid column -->
      <div class="col-md-6 mt-md-0 mb-3">
        <!-- Grid column -->
        <div class="row">
          <!-- Grid column -->
          <div class="col-md-3 mb-md-0 mb-3">
            <!-- Links -->
            <h3 class="text-uppercase" id="List1">Important Link</h3>
            <ul class="list-unstyled">
              <li><a href="Home.html" id="List1">Home</a></li>
              <li><a href="About.html" id="List1">About Us</a></li>
              <li><a href="Contact US.html" id="List1">Contact Us</a></li>
            </ul>
          </div>
          <!-- Grid column -->
          <div class="col-md-3 mb-md-0 mb-3">
            <!-- Links -->
            <h3 class="text-uppercase" id="List1">Quick Links</h3>
          </div>
        </div>
      </div>
    </div>
  </div>
</div>
```

The status bar at the bottom indicates 'Line 20, Column 24' and 'Tab Size: 4'. The system tray shows the date and time as '4/18/2021 6:22 AM'.

The screenshot shows the Sublime Text editor with the same tabs as the previous screenshot. The 'Home.html' tab now contains the following code:

```
<ul class="list-unstyled">
  <li><a href="Need Care Taker.html" id="List1">Find Care Taker</a></li>
  <li><a href="Form Care Taker.html" id="List1">Become Care Taker</a></li>
</ul>
```

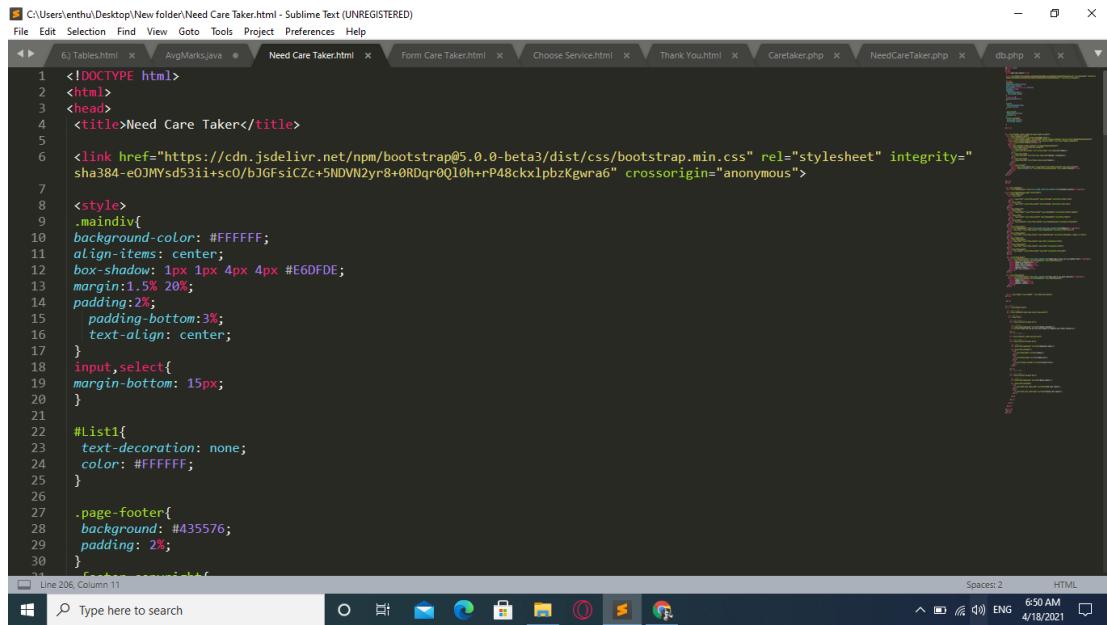

The status bar at the bottom indicates 'Line 164, Column 8' and 'Tab Size: 4'. The system tray shows the date and time as '4/18/2021 6:23 AM'.

CODE

The screenshot shows a Sublime Text window with multiple tabs open at the top, including 'Tables.html', 'AvgMarks.java', 'Need Care Taker.html' (the active tab), 'Form Care Taker.html', 'Choose Service.html', 'Thank You.html', 'Caretaker.php', 'NeedCareTaker.php', and 'db.php'. The 'Need Care Taker.html' tab contains the following HTML code:

```
</div>
<!-- Grid column -->
<!-- Grid column -->
<div class="col-md-3 mb-md-0 mb-3">
    <!-- Links -->
    <h5 class="text-uppercase" id="List1">Quick Links</h5>
    <ul class="list-unstyled">
        <li>
            <a href="Need Care Taker.html" id="List1">Find Care Taker</a>
        </li>
        <li>
            <a href="Form Care Taker.html" id="List1">Become Care Taker</a>
        </li>
    </ul>
</div>
</div>
</body>
</html>
```

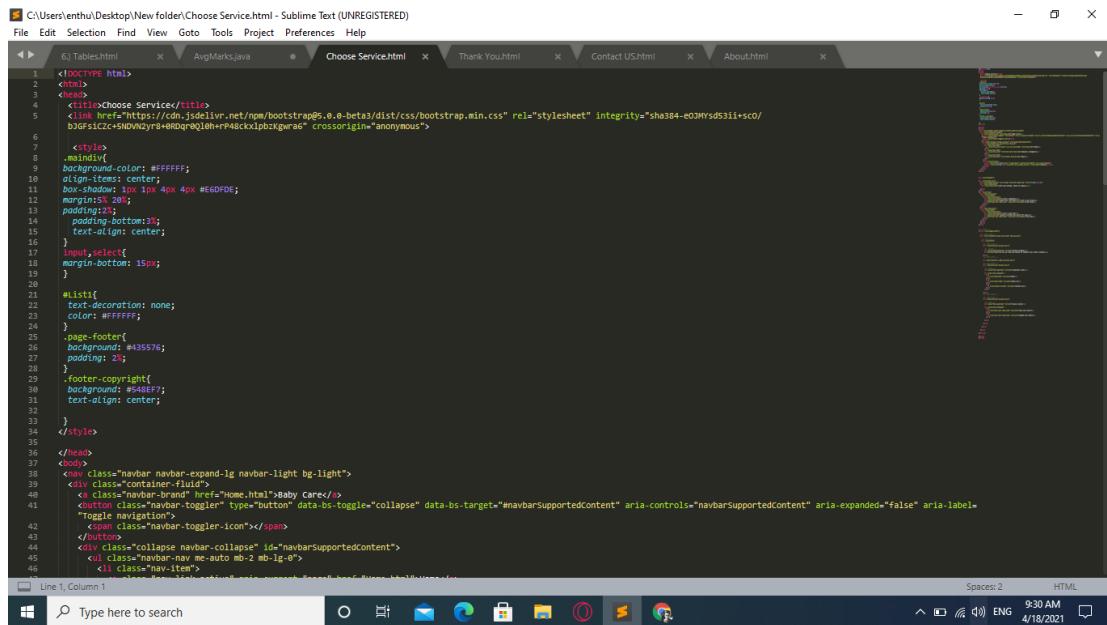

The code is color-coded for syntax highlighting. The status bar at the bottom shows 'Line 206, Column 11', 'Spaces: 2', 'HTML', and the system tray indicates it's 6:51 AM on 4/18/2021.

CODE

The screenshot shows a Sublime Text window with multiple tabs open at the top: Tables.html, AvgMarksJava, Choose Service.html (the active tab), Thank You.html, Contact US.html, and About.html. The Choose Service.html tab displays the following code:

```
94 </div>
95 </div>
96
97 <!-- Footer -->
98 <footer class="page-footer">
99
100 <!-- Footer Links -->
101 <div class="container-fluid text-center text-md-left">
102   <!-- Grid row -->
103   <div class="row">
104     <!-- Grid column -->
105     <div class="col-md-6 mt-md-0 mb-3">
106       <!-- Content -->
107       <h3 class="text-uppercase" id="List1">Footer Content</h3>
108       <p id="list1">Here you can use rows and columns to organize your footer content.</p>
109     </div>
110     <!-- Grid column -->
111     <hr class="clearfix w-100 d-md-none pb-3">
112     <!-- Grid column -->
113     <div class="col-md-3 mb-md-0 mb-3">
114       <!-- Links -->
115       <h3 class="text-uppercase" id="List2">Important Link</h3>
116       <ul class="list-unstyled">
117         <li><a href="Home.html" id="List1">Home</a>
118         <li><a href="About.html" id="List2">About Us</a>
119         <li><a href="Contact US.html" id="List3">Contact Us</a>
120       </ul>
121     </div>
122     <!-- Grid column -->
123     <div class="col-md-3 mb-md-0 mb-3">
124
125   </div>
126   <!-- Grid column -->
127   <div class="col-md-3 mb-md-0 mb-3">
128
129 </div>
130 </div>
131 </div>
132 </div>
133 </div>
134 </div>
135 </div>
136
137 </div>
138 </div>
139 </div>
140 <!-- Grid column -->
141 <div class="col-md-3 mb-md-0 mb-3">
142
143 </div>
144 <!-- Links -->
145 <h3 class="text-uppercase" id="List1">Quick Links</h3>
146 <ul class="list-unstyled">
147   <li><a href="Need Care Taker.html" id="List1">Find Care Taker</a>
148   </li>
149   <li><a href="Form Care Taker.html" id="List2">Become Care Taker</a>
150   </li>
151 </ul>
152 </div>
153 </div>
154 </div>
155 </div>
156 </div>
157 </div>
158 </div>
159 </div>
160 </div>
161 </div>
162 </div>
163 </div>
164 </body>
165 </html>
```

At the bottom of the window, there is a search bar with the placeholder "Type here to search" and a status bar showing "Line 1, Column 1", "Spaces: 2", "HTML", "9:30 AM", "ENG", and "4/18/2021".

Figure 12.3 : Choose Service Page

The screenshot shows a Sublime Text window with the same tabs as Figure 12.3. The Choose Service.html tab displays the following code, which is identical to Figure 12.3 except for the link href values:

```
142 <!-- Links -->
143 <h3 class="text-uppercase" id="List1">Quick Links</h3>
144 <ul class="list-unstyled">
145   <li><a href="Need Care Taker.html" id="List1">Find Care Taker</a>
146   </li>
147   <li><a href="Form Care Taker.html" id="List2">Become Care Taker</a>
148   </li>
149 </ul>
150 </div>
151 </div>
152 </div>
153 </div>
154 </div>
155 </div>
156 </div>
157 </div>
158 </div>
159 </div>
160 </div>
161 </div>
162 </div>
163 </div>
164 </body>
165 </html>
```

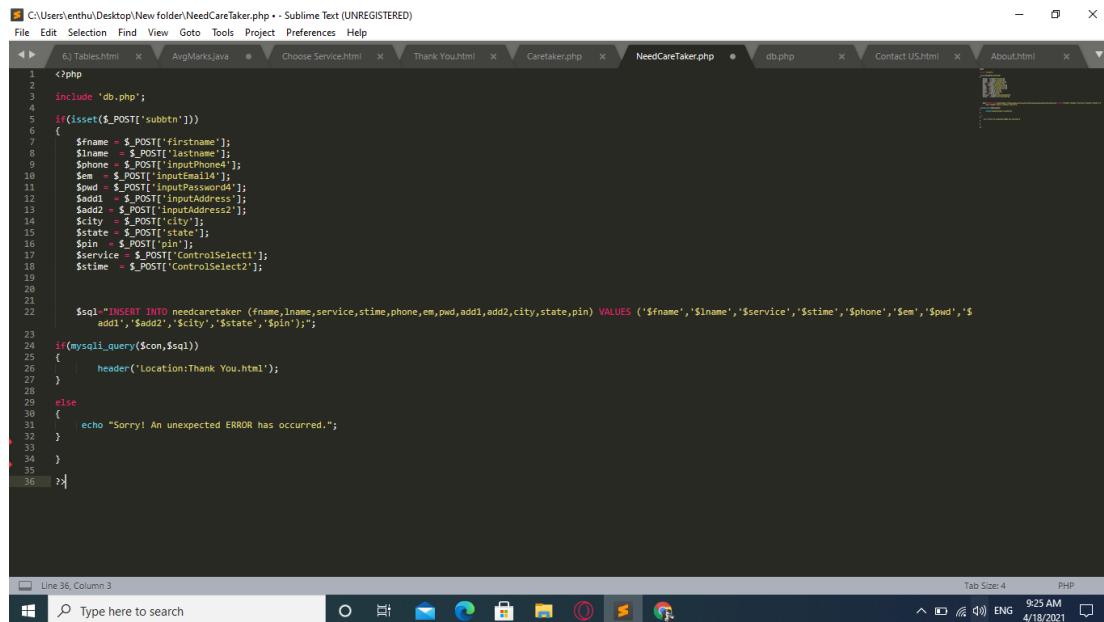

At the bottom of the window, there is a search bar with the placeholder "Type here to search" and a status bar showing "Line 1, Column 1", "Spaces: 2", "HTML", "9:31 AM", "ENG", and "4/18/2021".

    $state = $_POST['state'];
    $pin = $_POST['pin'];

    $sql="INSERT INTO caretaker (fname,lname,phone,em,pwd,add1,add2,city,state,pin) VALUES ('$fname','$lname','$phone','$em','$pwd','$add1','$add2','$city','$state','$pin')";
}

if(mysql_query($con,$sql))
{
    header('Location:Thank You.html');
}
else
{
    echo "Sorry! An unexpected ERROR has occurred.";
}
?>
```

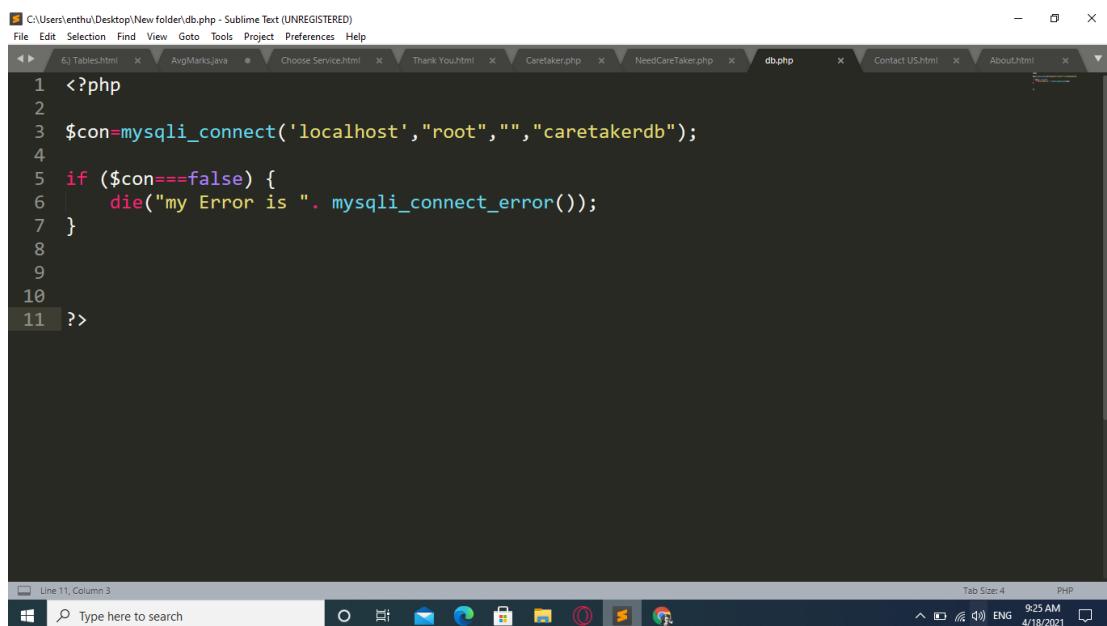

The status bar at the bottom indicates 'Line 1, Column 1', 'Tab Size: 4', 'PHP', '9:26 AM', 'ENG', and the date '4/18/2021'.

Figure 13.2 : Need CareTaker Code (PHP)

PHP REPORT

24

CODE

A screenshot of the Sublime Text editor showing a PHP script named 'db.php'. The code connects to a MySQL database named 'caretakerdb' using mysqli_connect(). It includes an error handling block that die()s with the error message if the connection fails. The code is as follows:

```
<?php  
$con=mysqli_connect('localhost','root','','caretakerdb');  
if ($con==false) {  
    die("my Error is ". mysqli_connect_error());  
}  
?>
```

The Sublime Text interface shows multiple tabs at the top, including 'Tables.html', 'AvgMarks.java', 'Choose Service.html', 'Thank You.html', 'Caretaker.php', 'NeedCareTaker.php', 'db.php', 'Contact US.html', and 'About.html'. The status bar at the bottom indicates 'Line 11, Column 3' and 'Tab Size: 4'. The system tray shows the date and time as '4/18/2021 9:25 AM'.
